DETAILED ACTION

Allowable Subject Matter

Claims 9-17 and 19-31 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose and/or make obvious a cutting insert having a base body being configured as twisted around first and second axes of symmetry lying in a common plane which is intersected by a center axis of the securing bore at a right angle where there is a first axis of symmetry passing through a first pair of opposite sides and a second axis of symmetry passing through a second pair of opposite sides and wherein the top surface and base surface are of identical shape and are rotationally symmetrical to one another.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
